The Board stated that when the property was purchased he assumed responsibility for the Land Development Plan. Mr. Grayston will move forward with completing the basin, but will need to extend the deadline. The Board has no issue with extending the deadline and will do so at the next meeting after Mr. Grayston has had time to receive estimates and a timeline for completing the work.

A motion was made by Mark Bieber to accept the Agreement with SEDA-COG, having no second, the motion failed.

Lyons for liquor licensing research.

Penn DOT maintains that the pipe was replaced and backfilled properly. The Chairman would like to meet with all of the involved parties at the site to look at the issue. The meeting will be scheduled.
